

## **ASSET TECHNICAL BULLETIN-12-05-2005**

### **ASSET (v) 2.6.3**

1. The Food Stamp Employment and Training (FSET), and W-2, Funding Sources were inactivated for the Title I, Title 3 and TAA on the ASSET Manage Services page. In addition, The National Reserve Account (NRA) Fund Source was inactivated as a fund source for WIA Title I, Dislocated Worker on the ASSET Service page. This means that:
  - a. services previously having an in-activated Fund Source will continue to have the inactivated fund source listed,
  - b. if you access a service with an in-activated fund source and **DO NOT** change the fund source you can still make changes to other fields on the service and save the record with the previous Fund Source even though it may be an inactivated fund source,
  - c. if you access an existing service with an in-activated fund source and change the fund source, the inactivated fund source will no longer be available on the fund source list, or;
  - d. when creating new services or updating an old service that did not have the inactivated fund source, the inactivated fund sources will no longer be present in the fund source drop down.
2. A new Office Code was added for WDA 5. The New Office Code Number is 1412, for Family Services of NE Wisconsin. This is a service provider that is not located within a WDA 5 One Stop Center.
