

# ASSET TECHNICAL BULLETIN-07-20-2006

## **ASSET-MCI Presentations:**

As part of the implementation process for ASSET-MCI, the following presentations are scheduled. Separate announcements will be sent regarding how to register for the WisLine Web sessions. You must register for each session to participate. Please make plans to register by 4pm the day prior to each session.

Thursday, August 3            ASSET-MCI Pre-Implementation WisLine Web  
1:00 - 3:00 p.m.

Tuesday, September 12    ASSET-MCI Post-Implementation WisLine Web  
1:00 - 3:00 p.m.

**ASSET Workers who will be responsible for verifying Social Security numbers using this new MCI functionality are strongly encouraged to attend both these sessions.**

MCI Functionality will be implemented in Asset over the weekend of August 18, 2006.

Training materials for this new functionality, which will consist of training videos and updates to the ASSET User's Guide, are planned for release during the week of August 7.

- The August 3rd WisLine session will introduce and demonstrate the training videos.
