Add Your Jobs to JobCentral and Participating State Sites at No Cost

JobCentral National Labor Exchange is provided as a public service by [leading U.S. employers](#) in alliance with The National Association of State Workforce Agencies (NASWA) and participating states.

JobCentral uses an "indexing" process to identify links to jobs on corporate web sites. Job seekers who click on a job title on the search results page are taken directly to the job listing on the corporate web site. This is essentially the same process that is used by all high-level Internet search engines.

Indexed jobs are included in JobCentral and made available to participating state workforce agency career sites. **NOTE:** Only federal contractor job listings (FCJL's) from DirectEmployers Association member companies and FCJL's entered as single postings are tracked and recorded for Vietnam Era Veterans Readjustment Assistance Act (VEVRAA) and Jobs for Veterans Act compliance as required by the Office of Federal Contract Compliance Programs (OFCCP).
