JobNet 3.0 to be Redirected

On Wednesday evening, January 28, JobNet 3.0 will be redirected to [Job Center of Wisconsin](#). Customers will no longer be able to access JobNet 3.0, even if they know the URL. The redirect message that customers will see if they enter the JobNet 3.0 URL is shown below:

Job seekers with a JobNet 3.0 User ID will not be able to use it with the Job Center of Wisconsin site. Resource Room staff, JCW Job Seeker Call Center staff, and DWD Service Desk staff should anticipate questions from customers about it. Depending on which features the customer wants to use, he or she may need to create an account, and a registration:

- Job seekers can use the 'Job Search' feature **anonymously**, meaning that they are not required to have an account or registration.
- An **account** (username and password) is required the job seeker wants to use the 'Save Favorite Job Searches' feature.
- A **registration** (an account plus some additional information) is required if the job seeker wants to use the 'My Résumé/Work Application' feature.
 - The smoothest path for registration is to have the job seeker click on 'Job Seeker Tools' and then choose either 'My Resume', 'My Work Application', 'Register for Services/Update', or 'Register for Veteran Services'. The system will take the customer through the account creation process, then directly through the Title 3 registration process.

=====

This message has been posted to the web site (<http://www.wisconsinjobcenter.org/jobnetbiz>) that holds the JobNet Business announcements. The archive holds the current edition, and all previous editions.

These editions are delivered in Adobe PDF format for online reading or downloading. The web site has a link to the DWD Viewers Download Page (<http://dwd.wisconsin.gov/viewers.htm>) to find links to software which may be necessary to view the publications.
