

Login Change for JCW Education Website

Some partner and DWD staff may notice a change when accessing the Job Center of Wisconsin (JCW) Education website. The change was made for security reasons, to remove anonymous access to the JCW Education website <https://education.jobcenterofwisconsin.com/>.

The Login change applies to staff that:

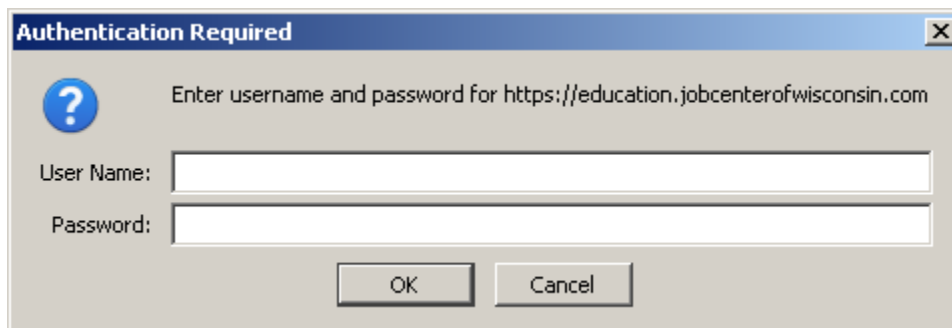

- are partner staff (non-DWD staff) with a WIEXT account and access to the DWD Workweb, or
- are DWD staff and use Firefox or a browser other than Internet Explorer, or
- are DWD staff and work from home but do not use Thin Client.

If you are one of the staff described above, you will see a similar Login dialog when you access the JCW Education website:

Internet Explorer:

Firefox:

Partner staff should enter 'wiext\ followed by your username in the User name: field. Enter your password in the Password: field. For example:

DWD staff should enter 'dwd\' followed by your username in the User name: field. Enter your password in the Password: field. For example:

DWD staff that use Internet Explorer as their web browser and access JCW Education from a logged on work machine (inside the firewall) are not affected due to Windows Integrated Security and the fact that the JCW URLs are in your Trusted Sites list.
