ERS Data Collection Form Available

An ERS Data Collection form, [DWSW-14391](#), is now available. The form can be used to collect data manually for input into the Employer Record System (ERS). Examples of when the form would be used are (1) when Job Center staff are visiting employers and collecting data that can be entered into ERS at a later time, or (2) when ERS is unavailable.

The form is available in the DWD Internet Forms Repository.
