Job Order Handling

An Iowa employer is emailing Wisconsin Job Centers to create a job order for "Product Samplers". The company is Nichols and Associates out of Urbandale, IA. This is for situations in Wal-Mart locations all over the state.

PLEASE NOTE: Multiple job orders do not need to be created for this situation. Duane Christoph from the Prairie du Chien office worked with this employer last year and has volunteered to handle this situation. He will monitor where actual openings are occurring and add or delete counties to ONE statewide job order as needed to meet this employer's needs. Please **do not** create additional listings for this employer and this situation.
