## **New, Streamlined JobNet Business Employer Registration Process!**

Today a new, streamlined JobNet Business employer registration process was unveiled! The new registration site will make it much easier and faster for employers to register to post and manage their job orders. To view the new employer login page, go to <http://jobnet.wisconsin.gov/business>. Step-by-step directions ([Attachment 1](#)) and an instructional PowerPoint ([Attachment 2](#)) have been developed for employers. Staff should review the attachments to become familiar with the new process.

Nothing has changed on the staff side. New registrations will continue to appear on your Requests for Assistance list, and the registrations are processed in the same way as you have been doing.

The Using JobNet Business step-by-step directions ([Attachment 3](#)) and PowerPoint ([Attachment 4](#)) have also been updated to reflect the new employer login page.

While the previous Welcome page for JobNet Business (<http://dwd.wisconsin.gov/jobnetbusiness/formslogin.asp>) remains functional, please change all links and bookmarks for that page to point to <http://jobnet.wisconsin.gov/business> to take advantage of the new features.
