- An error message was added, displays if user has entered or copied javascript or vbscript in JobNet Business text fields. (Staff and Employer)

Please correct the following:

- The data being saved contains scripts such as javascript or VBscript. Please remove the scripts and attempt the save again. The following are examples of code not allowed: <script, /script>, href="javascript: , or href="vbscript:.

- Added an indicator to staff job order Details screen, that if clicked prevents email notice from being sent to the employer contact when the job order expiration notice batch job runs. This is located just below the Job Order Removal Date on the Details tab:

Should the employer contact for this order receive a Job Order Expiration Notice email for this job order?

Yes No

- Changed the text on the email sent to employers by the job order expiration notice batch job to read:

Thank you for using Wisconsin's JobNet.

Your job order(s), listed below, are scheduled to be removed from Wisconsin's JobNet on the evening of 06/25/2006. If you wish to keep the job order(s) open beyond that date, please contact the Wisconsin Job Center Staff person shown below. If you have access to JobNet Business to enter and maintain your job orders, you can extend the job order by changing the Job Order Removal Date, which is located near the bottom of the Details tab on the job order. If you have not filled the position, this is a good time to review the content of your job order. You can get online help writing more effective job advertisements at <http://www.wisconsinjobcenter.org/recruiting/writelisting.htm>. Or, contact the Wisconsin Job Center Contact at the telephone number or email address listed above.

If you have filled the position, we would like to hear from you. Please call or email the Wisconsin Job Center Contact listed above to report your successful results. We would like to remind you to report your newly hired employee to the State Directory of New Hires within 20 days after the employee starts work <http://www.newhire-usa.com/wi/>.

Thank you.

- Added the ability for staff to search for employer contacts by email address.
- Added an edit to prevent apostrophes in pasted text showing up as upside down question marks in JobNet Business text fields.
- Added ability for staff to edit/delete activities created by the system.
- Locked down contact information on request for assistance so employer contacts cannot change their name to get around security procedure.
- Added 403B plan to benefits, and changed the wording of the pay amount text on job orders.
