JobNet Registration Pages – now in Spanish!

After much work on the part of many staff, JobNet customer registration is now available in Spanish.

As of mid-October 2006, registration pages which enable customers to create their own online account to use our online job posting system, JobNet, are now available in Spanish. To access the Spanish version, customers need to click on the link "Español" which appears at the very bottom left of the opening screen of JobNet.

Job orders (online job postings) can be found translated into Spanish via the America's Job Bank system (www.AJB.org). The opening page of the AJB website has a "Translation" link at the very bottom right of its opening page. All Wisconsin job orders are uploaded on a nightly basis to the AJB website.
